

The construction of the future should be shaped not only by local but also by global inspiration; Turkey's earthquake-resistant structures will be a lesson and example for earthquake-prone countries such as Colombia and Mexico.

Yoshinori Moriwaki
Chairman of the Board of Directors

**Add Prestige and
Confidence to Your
Projects with JME-
Japanese Moriwiki
Homes Brand**

JME Japanese Moriwiki Houses add prestige to your projects by offering earthquake-resistant and high-quality structures, and adapt to different needs with their modern design flexibility.
